A delicious tour featuring our '6-cups' tasting tour, & our home town, Binyamina.

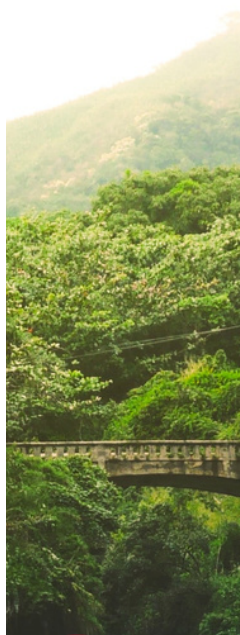

If 'Walking with Wine' is our signature wine tour, then '6 cups' is our twin brother, being similar, but plenty different. For guests interested in an array of drinking culture, this is the tour for you. We serve up some coffee & tea, fresh OJ & lemon-nana, beer & wine, and matched with just the right foods, for some delicious storytelling and tasting along the way. This is the ultimate drinking tour experience, as we mix it up a bit and tell the story of the world, in 6 glasses. Certainly a tour for people who enjoy drinking and thinking, some caffeine and a healthy touch of alcohol.
